PROFESSIONAL SUMMARY

Motivated final-year Computer Science (Web Technology) student seeking a 6-month web development internship. Proficient in building web-based systems using PHP, MySQL, and Laravel, with proven experience in integrating data visualization tools like Chart.js. Eager to apply academic knowledge and practical skills to drive impactful software solutions.

EDUCATION

Universiti Tun Hussein Onn Malaysia Batu Pahat, Johor
Bachelor of Computer Science (Web Technology) with Honour 10/2023 – Present
CGPA 3.08

Kolej Matrikulasi Melaka Masjid Tanah, Melaka
Sains Fizikal 07/2021 – 03/2023
CGPA 3.25

WORK EXPERIENCE

Tealive Barista Shah Alam, Selangor
Loob Holding Sdn. Bhd. 04/2021 – 06/2021

- Delivered customer service in a fast-paced retail environment while handling orders and POS transactions accurately.
- Collaborated with team members to maintain efficient daily outlet operations and service quality.
- Promoted products and add-ons while maintaining company SOP and hygiene standards.

FINAL YEAR PROJECTS

ROTUFitTracker - A Web-Based System for Monitoring Personnel Training Progress
Web Based System Development

- Developed a web-based system to automate and monitor cadet training activities, physical fitness progress, and daily routines (such as meals and prayer schedules) for the Reserve Officer Training Unit at UTHM.
- Built the backend and core application logic using **PHP** and **MySQL** to handle user management, training schedules, form submissions, and database schema operations.
- Integrated **Chart.js** to provide interactive data visualization, allowing cadets and instructors to track fitness metrics and performance trends through dynamic graphs.
- Designed a structured, user-friendly interface tailored for administrators and cadets to streamline attendance tracking, routine logging, and certificate generation.

TECHNICAL PROJECT EXPERIENCE

F.R.I.E.N.D.S - A Web Based Social Features to a Cross Platform Mobile Environment
Web Based and Mobile App Development

- Developed a dual platform social application featuring an **ASP.NET Core MVC** web app and a cross platform **.NET MAUI** mobile app.
- Implemented core web modules including secure user authentication, an image gallery, note-taking CRUD operations, and an interactive Tic-Tac-Toe game with match history tracking.

- Designed mobile application features including user management, friend connection handling, a calendar based event planner, and a direct messaging inbox.

CERTIFICATES & ACTIVITIES

AWS Academy Graduate - Cloud Foundations - Training Badge — AWS Training and Certification - 2026

Cisco CCNA Certification — Cisco Networking Academy - 2025

AWS CendekiAwan Program — AWS & Elitery - 2026

Obtained Certification of Royal Commissioning Certificate & Presentation of Commissioning Scroll 44th Public Universities ROTU Cadet Officers. — Universiti Malaysia Perlis (UNIMAP) - 2026

TECHNICAL SKILLS

- **Languages:** JavaScript, PHP, Dart, C#, Java
- **Web:** HTML5, CSS3, Laravel
- **Database & Backend:** MySQL, Firebase
- **Frameworks/Platforms:** Flutter, .NET Framework, WordPress
- **Tools: Git, GitHub, Figma, Wix Data Visualization: Chart.js:** Git, GitHub, Figma, Wix
- **Data Visualization:** Chart.js
